

[Dm Bb7]

It will happen

See the light of reality

feel the warmth of truthfulness

We all gonna save this world

once on a happy day - more or less

We'll overcome all humiliations

by injustice and brutality

We settle the score with all hypocrites with a piece of cake and a cup of tea

[Ref.] F

Free yourself and free your mind

All pain + sorrow will decay

Maybe we get deaf + blind

Em It will happen anyway A7

[Dm Bb7]

Cease summoning the revolution be assured it's coming soon

While celebrating in the staircase to hell completely drink under a half moon

We'll overcome all insanity evolved by hubris + vanities

Let's vanish all dirt from our souls + forget all talkshows + celebrities

[Ref.]

F ... free yourself and free your soul

All pain + sorrow will decay

Let's hide in a deep deep hole

Em Dm Cm6 It happens ...

[Dm Bb7]

See the light of reality

feel the warmth of truthfulness
